Sub-Science

of flower on chart paper .

1. Draw the well labeled diagram

2. Explain the types of root with two examples of each.

Sub-Mathematics

MAKE A FILE PROJECT ,

Create a cover page (or First page) for your project file having SCHOOL NAME, PROJECT HEADING NAME, SUBJECT NAME, SUBJECT TEACHER'S NAME, AND at the bottom, Your Name, with class ,section and Roll number along with the following works given below:-

i) Introduction

Fractions show parts of a whole. They are used in our daily life when we divide or share things.

ii) Daily Life Examples

1. cut into 4 equal parts – each piece is $\frac{1}{4}$.

2. divided into 8 pieces – each piece is $\frac{1}{8}$.

3. Half an apple = $\frac{1}{2}$, three-fourths of roti = $\frac{3}{4}$.

 Space to paste pictures of these examples.

iii) Diagram Practice

Draw circles, rectangles, and shade parts to represent $\frac{1}{2}$, $\frac{1}{3}$, $\frac{1}{4}$, $\frac{3}{4}$ etc.

 Leave blank boxes for hand-drawn diagrams.

iv) Conclusion

Fractions are very useful in daily life. They help in cooking, shopping, sharing, and measurement.
